

## Mastering the Art of Instrument Navigation

Believing that safety and proficiency are developed through education and experience, Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience.

For the July meeting, we will discuss an actual scenario involving flight into Providence, RI (KPVD), to Syracuse, NY (KSYR) Please bring your "Electronic Flight Bag" if you have one (ForeFlight, WingX, Go Flight, etc.) with charts from KPVD to the KSYR area to aid in the discussion. You do not need to be a member or instrument rated to attend.

**Directions:** Between I-15 and SR-163 on Aero Dr. across the street from Montgomery Field, approx 0.4 mi walking from Gibbs or 0.6 mi from the Terminal.
